PURCHASING

## MEMORANDUM

---

To: City Council Members  
From: Gary Maeten, Administrator, NCE  
Date: March 21, 1995  
Subj: Purchase of vehicles

This bid contains two vehicles for Neighborhood Code Enforcement. The vehicles that we are replacing are 1985 Chevrolet Celebrities. One of the vehicles has 100,690 miles on it, the other has 98,379 miles. The age, and mileage, of the vehicles make further mechanical repair impractical.

## Fort Wayne Redevelopment Commission

---

### MEMORANDUM

TO: Members of the Common Council, City of Fort Wayne

FM: Ronald R. Fletcher, Executive Director *RF*

RE: Purchase of New Vehicle

DATE: March 27, 1995

The purpose of this memo is to explain the need for the purchase of a new replacement vehicle for combined use by the Department of Redevelopment and the Department of Economic Development.

Presently, a 1984 Chevrolet is used by staff from both departments for official use, staff travel, transporting prospects and official visitors to the City and the like. This vehicle was acquired by the Fort Wayne Redevelopment Commission in 1984 and is beginning to show the unreliability that accompanies a vehicle its age. It recently failed (last week) during a trip to Indianapolis and required roadside repair. I expect to begin the replacement of major item components on this vehicle if the Commission retains it for use by staff from both departments. Additionally, I would have to completely overhaul the exterior surfaces of the car due to the unattractive appearance that it portrays.

Anticipating the need for replacement, the Commission approved funding for one-half (1/2) of the cost of a new vehicle from its 1995 capital budget. Funding for the other half of the cost of a replacement vehicle was approved as a part of the 1995 budget for the Department of Economic Development.

If additional information is required, please contact me at: 427-1127.

*City of Fort Wayne, Indiana*  
**Risk Management Department**

City-County Building, Room 430  
Fort Wayne, Indiana 46802  
(219) 427-1164

**MEMORANDUM**

**TO:** COMMON COUNCIL MEMBERS

**FROM:** Debby Anderson, Manager  
Risk Management Department

**DATE:** March 23, 1995

**SUBJECT:** Replacement Vehicle Purchase

=====

**BACKGROUND:**

The Risk Management Department is the department responsible for controlling the frequency and severity from losses from worker's compensation, general liability, and auto liability paid from the self insurance funds.

To obtain these goals there are several responsibilities that must be constantly performed. These range from training, investigation, surveillance and employee awareness.

Beginning in 1991, the Safety and Claim Investigator position was created to assist in these goals.

The work responsibility of this department has greatly expanded in the last several years.

To accomplish these goals a department vehicle is utilized. This vehicle was involved in an auto accident February 1995 in which the vehicle repair cost exceeded the value of the vehicle. The City driver was not at fault and steps are under way to collect restitution from the other vehicle owner's insurance.

The purchase of a new full size vehicle is requested, to transport the equipment needed for daily operations.

This vehicle transports safety equipment, camera, surveillance and other necessary specialized equipment.

DIGEST SHEET

TITLE OF ORDINANCE: Special

DEPARTMENT REQUESTING ORDINANCE: Purchasing

SYNOPSIS OF ORDINANCE: An ordinance approving the award of I.T.B. No. 7147 for the purchase of 3/4 ton pick-ups & S10 pick-ups, State QPA 7484 for 4-door mid-size sedans, State QPA 7485 for 4-door full-size sedans, State QPA 7490 for mini-vans, open market for one (1) ton vans, and open market for 4 x 4 utility vehicles for various departments throughout the City of Fort Wayne.

IF NOT LOWEST, WHO WAS AND WHY WERE THEY NOT AWARDED: The one (1) ton vans being purchased from Allen Co Motors. Kelley Chevrolet was low but did not meet specifications on the following:

Gross vehicle weight; wheelbase, front & rear axle capacities and wheel size. They bid a smaller and lighter duty vehicle than needed and requested.

EFFECT OF PASSAGE:

Stormwater Maintenance purchasing one (1) 3/4 ton pick-up to replace a vehicle with high mileage and maintenance.

WPC Maintenance purchasing one (1) 4-door mid-size sedan to replace vehicle with high mileage and maintenance.

Water Maintenance purchasing one (1) 3/4 ton pick-up to replace a vehicle with high mileage and maintenance.

Water Maintenance purchasing three (3) 4-door mid-size sedans to replace three (3) vehicles with high mileage and maintenance. One of the vehicles was involved in an accident and will not be repaired.

Police Department purchasing one (1) 3/4 ton pick-up to use for meter collection and meter repair. Larger vehicle is needed to transport equipment required for installations.

Police Department purchasing two (2) S10 pick-ups to be used by Parking Control Officers.

Police Department purchasing two (2) mini-vans to place two (2) additional crime scene technicians in the field.

Right of Way Department purchasing an S10 pick-up to replace vehicle with high mileage and maintenance.

Communications Department purchasing one (1) 4 x 4 to replace vehicle with high mileage and maintenance.

Meter Reading purchasing a 4-wheel drive S10 pick-up to replace vehicle with high mileage and maintenance.

Technical Services purchasing two (2) 4 x 4's to replace vehicles with high mileage and maintenance.

WPC Plant purchasing two (2) one (1) ton vans to replace two (2) 3/4 ton vans with high mileage and maintenance.

WPC Plant purchasing one (1) 4 x 4 to replace vehicle with high mileage and maintenance.

Street Department purchasing one (1) 4-door mid-size sedan to replace vehicle with high mileage and maintenance.

Traffic Engineering purchasing one (1) 4-door mid-size sedan to replace a 1985 vehicle.

Neighborhood Code purchasing two (2) 4-door mid-size sedans to replace two (2) 1985 vehicles with high mileage and maintenance.

Redevelopment purchasing one (1) 4-door full-size sedan to replace a 1984 vehicle with high mileage and maintenance.

Risk Management purchasing one (1) 4-door full-size sedan to replace 1987 vehicle totaled out in an accident. This car is also needed to transport equipment for investigation and surveillance equipment for Worker's comp claims.

EFFECT OF NON-PASSAGE: High maintenance costs will continue to be incurred. City employees will not be able to carry out their job duties. Public will suffer due to inefficiency and time delays.
